Anthuriums *by* **SHAFFER**

THE PERFECT COMPLEMENT TO ORCHIDS IN YOUR GREENHOUSE!

- Anthuriums are always in bloom . . . no dormant period. A new bloom every two months.
- Our strain, twenty years in the making, is very hardy . . . they're FUN to grow!
- Blooms can be held on plants for as long as 2 months. Cut blooms last three to four weeks in the home.
- Colorful, exotic, and stately, they will "dress up" your greenhouse. Large leaves create a beautiful tropical setting.
